

HOT WORK SAFETY TRAINING

EVENING CLASS SCHEDULE

UPDATED: 7/30/18

Effective **July 1, 2018** the state will require certificate as a condition to perform Hot Work in Massachusetts. "What exactly is Hot Work?" Simply stated, Hot Work involves any activity that uses flames or produces sparks and/or excessive heat. If you conduct Hot Work in Massachusetts, you need to attend the training and get certified. Created by NFPA, the Hot Work Safety Program consists of a two-hour seminar and one-hour test. The program defines Hot Work and the measures required to safely perform work.
